SIGNATURE BEEF

Introducing Cogent's Signature Beef sire collection, meticulously curated to cater to the needs of UK pedigree beef breeders and cross-bred suckler farmers. Our collection now boasts an impressive array of 12 breeds, ranging from Aberdeen Angus to Welsh Black. Continuously expanding, we are thrilled to collaborate with industry leaders like the Stabiliser Cattle Company and Wyndford Wagyu to showcase their offerings.

In a significant stride, as of February 2024, Cogent proudly became the UK distributor for Dovea Genetics, reinforcing our commitment to expand our offering and genetic strength to our customers. As pioneers in sexed semen technology, we employ state-of-the-art sexing labs to provide customers with our cutting-edge Ultraplus Female and Male sexed products across many of our bulls. This ensures optimal profitability, whether breeding

replacement heifers or finishing cattle. Our dedication to innovation and excellence drives us to stay ahead of the curve, delivering breed-leading genetics tailored for the UK's beef breeders. With Cogent, rest assured you're accessing the pinnacle of genetic advancement in the beef industry.

Boomer Birch, Beef Programme Manager.

WAGYU

Itoguni 308H is a serious favourite from the Wyndford Breeding Program, and is currently in the AWA Progeny Test Program. This bull consistently stamps meat quality on his offspring. He is in the top 1% of the breed for Marble Score, and for the F1 Terminal Index, Fullblood Terminal Index and the new Breeder Feeder Index, showcasing exceptional balance across all the important traits. He is strong across his EMA, Marble Fineness and Gestation Length, this bull has it all. He is an optimal blend of US and Australian genetics. His dam, LMR Ms Kitaguni 6301D, and his sire, Mayura L0010, combine generations of breeding for meat quality exemplified in Itoguni, the perfect F1 producer and a superior sire for Fullblood maternal, or terminal breeding.

WYNDFORD HERCULES

Sire: Mayura L0010 Dam: Bay 001 Aizakura 238E MGS: IMJFAJ2351 Hirashigetayasu J2351 Hongen
 Ear Tag: WYNFR54468 D.O.B: 24/07/2020 AI Code: MS0071

WAGYU

Hercules is a powerhouse. This L0010 son has great phenotype of length and shape. Hercules is also a maternal cow maker, carrying milk and a great scrotal score with a docile temperament. His dam, Bay 001 Aizakura 238E, is known for producing larger animals with straight, strong top lines, great growth rates, superior maternal qualities and high yielding, top carcass quality. Hercules' sire, Mayura L0010, is known for superior meat quality. Hercules brings extremely balanced EBVs with great Marble Score, EMA and Weights. Hercules is a phenomenal bull with great promise, currently in the AWA Progeny Test Program.

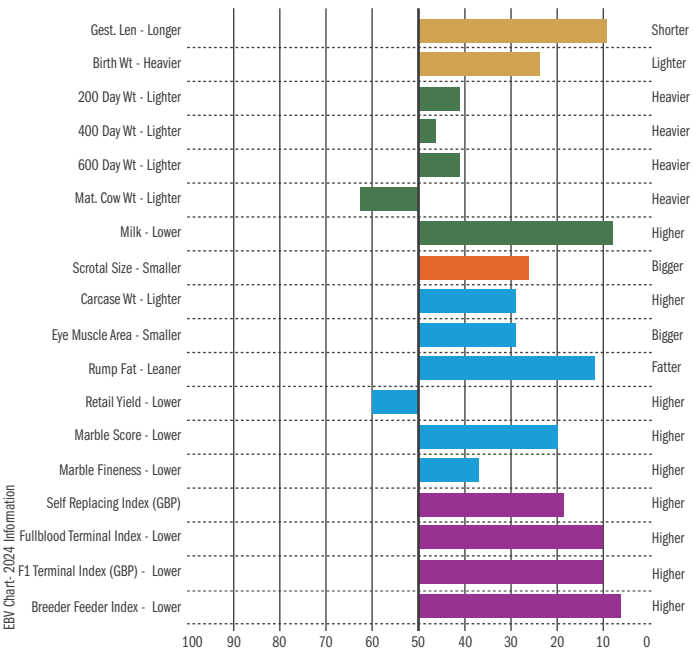

WYNDFORD SPECTRE

Sire: Mayura L0010 Dam: Wyndford Ms Marble MGS: PMGFL00013 Peppermill Grove L0013 Evidence
 Ear Tag: WYMFS54111 D.O.B: 27/01/2021 AI Code: MS0078
