GIVENDALE BLACK UPPERCUT

Sire: Givendale Black Sebastian S36 Dam: Givendale Black R247 MGS: Givendale Black Ear Tag: UK142911 303878 D.O.B: 12/03/2018 AI Code: ST0933 Osiris 0131

Stabiliser Cattle Company

Givendale Black Uppercut is an outstanding son of the AI bull Givendale Black Sebastian, a sellout bull known for his exceptional genetics. Uppercut not only has the looks and conformation but also possesses extremely strong maternal traits. This 5* bull boasts a top-tier Weaning index, making him an ideal choice for producing maternal replacements. He is exceptionally easy calving, and his progeny are expected to be compact, high feed-efficient cows.

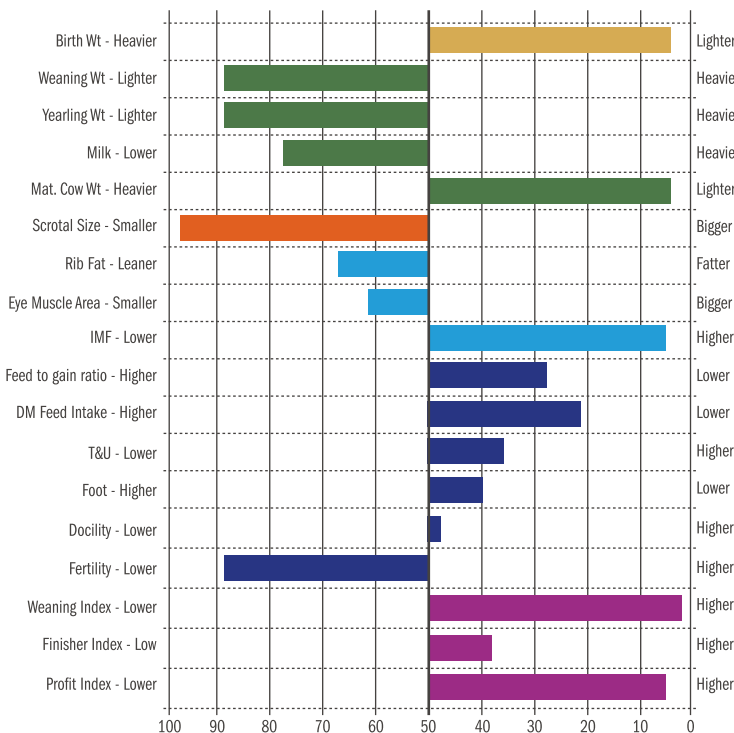

His calves rank highly for key traits such as Foot structure, Temperament, Teat and Udder score, ensuring long-term productivity and herd efficiency. Uppercut is heterozygous black, meaning his progeny's coat colour will depend on the dam. Additionally, he is homozygous polled, ensuring all his offspring will be naturally polled. Whether you're looking to improve herd efficiency or maximise profitability, Uppercut delivers consistent and reliable results.

Yearling Uppercut heifer

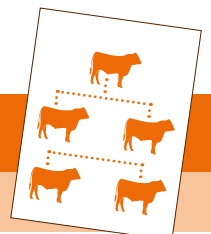

Yearling Uppercut heifers

- Proven easy calving genetics, suitable for heifers
- Breeds great phenotypes in his progeny
- 5* Weaning and Profit Index sire
- Heterozygous black

LLANYCHAN ANTROBUS

Sire: Snipe House Ukulele Dam: UK706021 703648 MGS: Overcote Tiberius Ear Tag: UK706021 603913 D.O.B: 20/04/2022 AI Code: ST0935

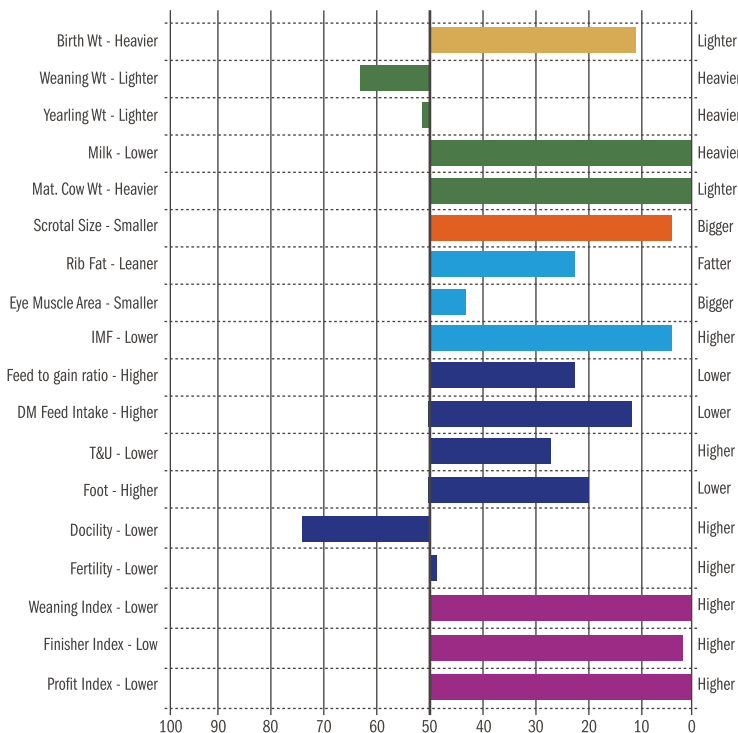

Stabiliser Cattle Company

Llanychan Antrobus is a phenomenal sire, bred from the sell-out AI bull Snipehouse Ukulele, a US embryo bull from the renowned Leachman Cadillac line. Both Ukulele and his brother, Snipehouse UFO, have made waves within the Stabiliser breed, highly regarded for their easy fleshing ability and strong maternal traits. Antrobus has proven to be an exceptionally reliable choice, boasting an outstanding £Profit Index nearing 30,000.

He is a 5* bull for £Profit, £Weaning, and £Finishing, ticking all the boxes for every system. Whether you're looking to produce highly maternal replacements or feed-efficient, fast-growing fat stock, Antrobus delivers on all fronts. Additionally, he is homozygous polled, ensuring all his progeny will be naturally polled. If you want a versatile, high-performance bull to drive profitability and efficiency in your herd, Llanychan Antrobus is your bull.

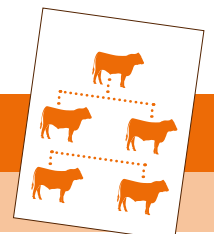

Antrobus calf, 5 weeks of age

- First calves born easily, displaying great growth
- +34kg for milk (Top 1% of the breed)
- A great allrounder
- 5* Weaning, Finisher and Profit Index sire

HATCHMOOR BLACK WAGER

Sire: Givendale Black Resolution R239 Dam: UK282316 601984 MGS: Hatchmoor Storm Ear Tag: UK282316 402206 D.O.B: 16/05/2020 AI Code: ST0937

Stabiliser Cattle Company

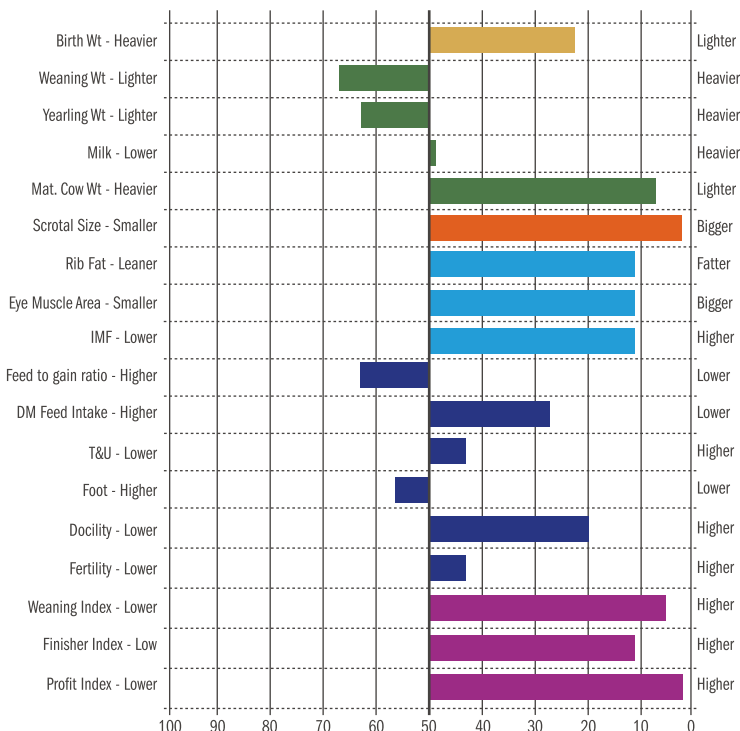

Hatchmoor Black Wager is an outstanding son of the pivotal AI bull Givendale Black Resolution, a sire that has played a significant role in advancing the Stabiliser breed. Wager is an extremely well-balanced bull, excelling in both maternal and terminal traits. This 5* sire is suitable for both heifers and cows due to his exceptional ease of calving. He consistently produces maternal females that are milky, moderate to small in size, highly fertile, and efficient with low feed intake. These females also rank highly for Temperament as well as Teat and Udder quality, making them an asset in any herd.

For those focused on carcase quality, Wager's progeny are feed-efficient with exceptional carcase traits, making them an excellent choice for producers supplying butchers or aiming to enhance eating quality in their herd. Wager is homozygous polled, ensuring all his offspring are naturally polled. If you're looking for a versatile bull that ticks all the boxes, Wager is the perfect choice.

Black Wager bull calf

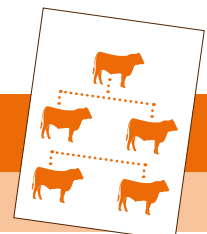

Black Wager heifer calf

- Moderately framed, easy fleshed progeny
- Proven low birth weight sire
- Conformation improver
- Heterozygous black

SELSIDE VISCOUNT

Sire: Cernioge Bach Seincyn Dam: UK103612 101550 MGS: WS Beefmaker Ear Tag: UK103612 102278 D.O.B: 10/05/2029 AI Code: ST0947

Viscount heifer calf

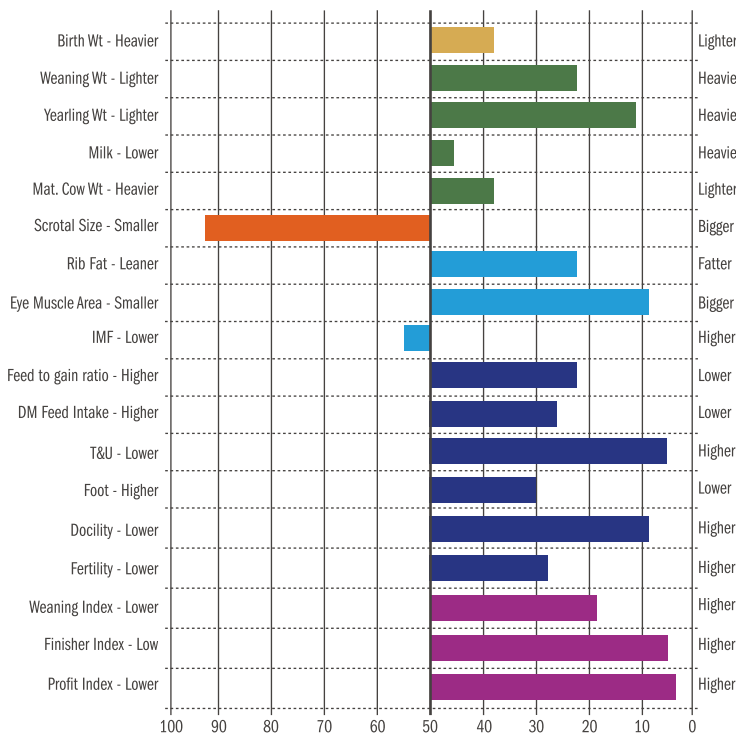

Viscount calf from a UFO 2yr old

Stabiliser Cattle Company

Selside Viscount is a standout sire, combining elite genetics and top-tier performance. Sired by the renowned AI bull Cernioge Bach Siencyn, his pedigree traces back to US powerhouses Leachman Deniro and WS Beefmaker, bringing together some of the best bloodlines in the breed. Viscount offers both the looks and the performance, boasting a phenomenally balanced GEBV profile that any breeder would envy.

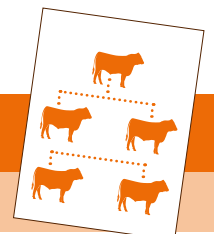

As a 5* bull for both £Profit Index and Finishing Index, he excels in growth, carcass quality, and feed efficiency, making him an exceptional choice for producing high-performing fat stock. On the maternal side, Viscount's daughters will be moderately sized, highly fertile and milky, with excellent Feed Efficiency, Temperament, Teats and Udders and Feet. Truly ticking every box for a long-lasting, productive cow. A homozygous polled bull, Viscount is also an easycalving choice suitable for use on both heifers and cows, making his genetics a versatile and valuable addition to any herd.

- Produces very functional females
- Calves exhibit rapid growth & natural fleshing
- Excels in carcass traits
- A well rounded sire to be used confidently

SELSIDE ATOMIC

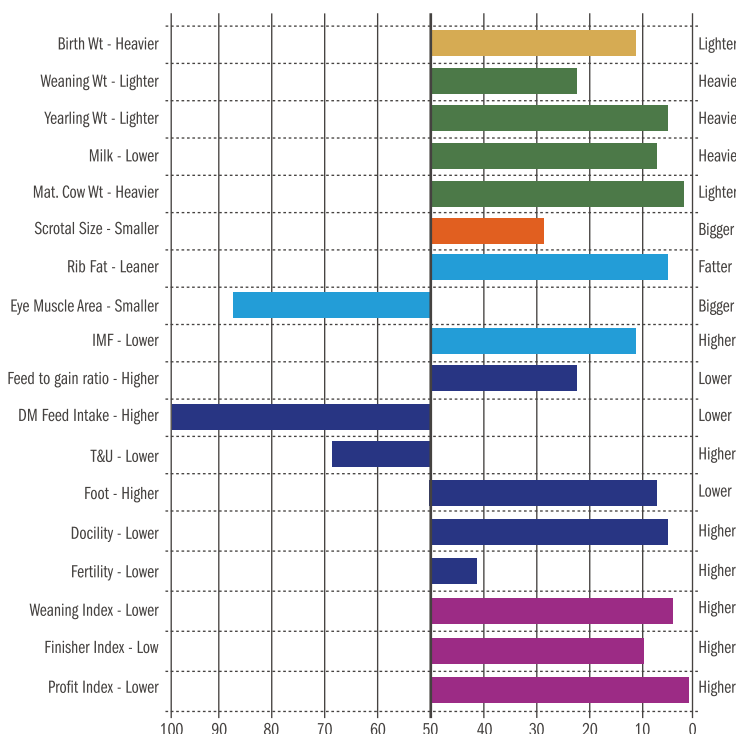

Sire: Selside Valiant Dam: Selside Y268 MGS: Selside Black Star Ear Tag: UK103612 202671 D.O.B: 09/04/2022 AI Code: ST0939

Stabiliser Cattle Company

Selside Atomic is a standout son of Selside Valiant, with the legendary Cernioge Bach Stan the Man as his grandsire. This exceptional 5* bull boasts phenomenal maternal and terminal traits, making him a top choice for both breeding replacements and finishing stock. With outstanding phenotype, Atomic offers excellent length, structure, and balance.

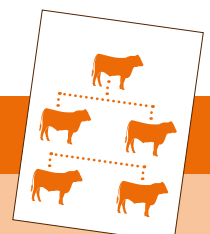

His calves are living up to expectations, displaying tremendous growth while maintaining ease of calving, making him an ideal choice for heifers. Genetically, Atomic excels across the board, with strong GEVVs for Milk, Fertility, moderate-sized cows, Foot Structure, and Docility. Whether you're looking to improve herd efficiency or maximise profitability, Selside Atomic delivers reliable results.

- Strong maternal traits
- Outstanding growth rate sire
- Progeny will exhibit great docility
- A sire to transmit sound locomotion

WEIGHTON WOLD WARRICK

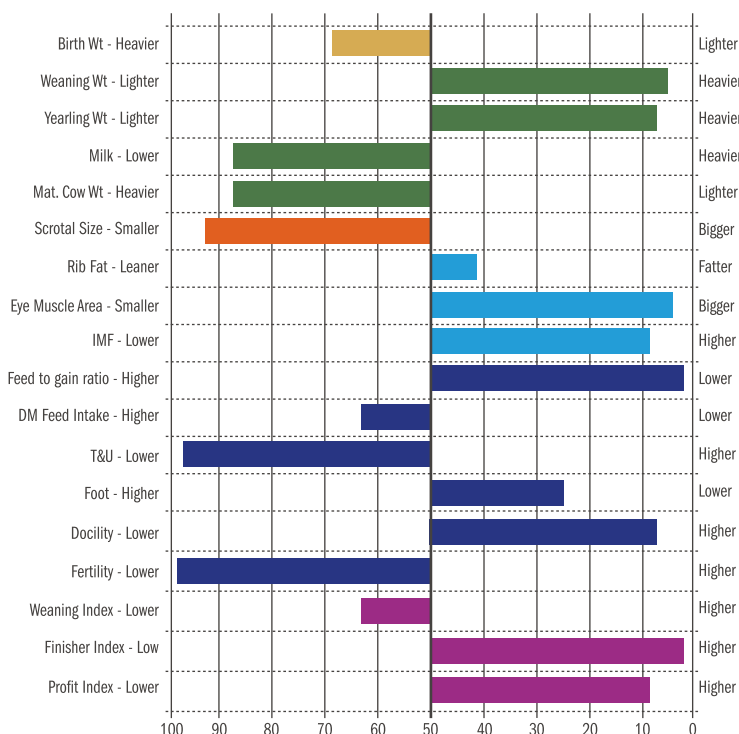

Sire: Leachman Decree X936D Dam: Rempe Stabilizer 6120 MGS: WBF Rest Easy U085 Ear Tag: UK142374 502988 D.O.B: 20/03/2020 AI Code: ST0946

Stabiliser Cattle Company

Weighton Wold Warrick is a standout son of US sire Leachman Decree, a new and exciting bloodline in the UK that has been making waves for the phenomenal growth it brings to offspring. Warrick is no exception, delivering exceptional growth rates, carcase traits, and an outstanding Feed to Gain ratio, ensuring that what he consumes is efficiently converted, a heritable trait passed on to his progeny.

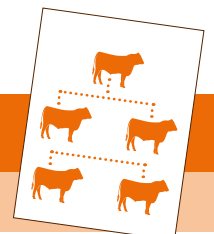

In addition to his high growth rate GEBVs, Warrick ranks highly for docility and foot structure, making him an excellent choice for producing high-performing, efficient fattening stock. As a homozygous polled bull, he ensures all his progeny will be polled. With a slightly higher birth weight than the Stabiliser average, we recommend using Warrick on cows rather than heifers, where he will still offer easy calving and exceptional results.

- Highly feed efficient
- Great carcase trait sire
- Will transmit a larger frame
- 5* Finisher and Profit Index sire

OVERCOTE WOLFGANG

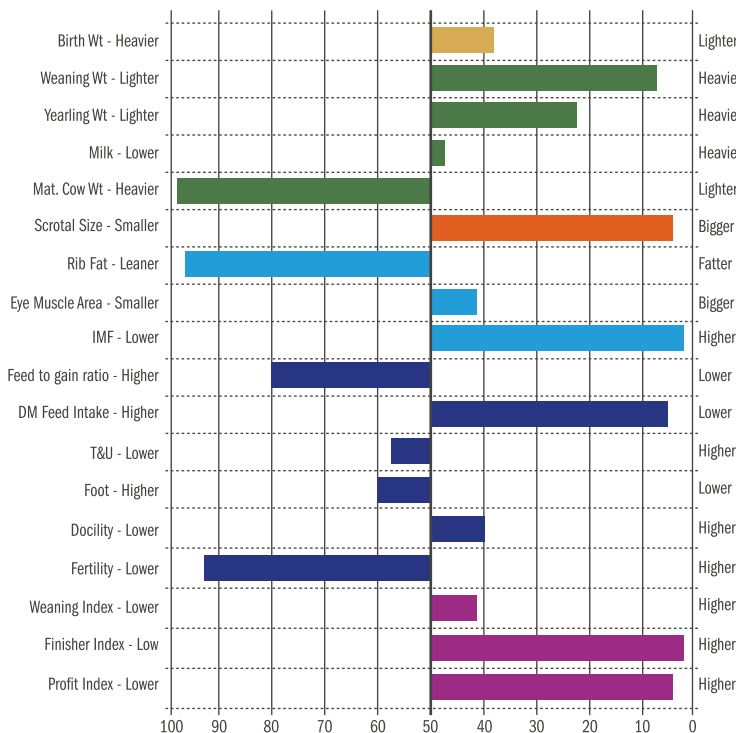

Sire: CDI Secret Agent 407C Dam: Lorenzen Rossi Takeover E4 MGS: LSFTBJ Takeback 4856B Ear Tag: UK220207 202194 D.O.B: 03/04/2020 AI Code: ST0945

Stabiliser Cattle Company

Overcote Wolfgang is a topperforming 5* bull, sired by CDI Secret Agent, a renowned US bloodline known for its exceptional performance. Wolfgang offers outstanding finishing traits while remaining an easy-calving option, making him well-suited for heifers. He boasts excellent weaning and yearling GEBVs, ensuring fastgrowing, efficient offspring.

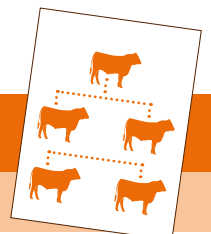

With a strong Eye Muscle Area and Intramuscular Fat GEBVs, Wolfgang is an ideal choice for those looking to produce high-quality carcasses. A standout feature of Wolfgang is his high ranking for Dry Matter Feed Intake, meaning he is not a big eater but still maintains impressive growth rates, making him a highly efficient and cost-effective sire. For breeders seeking a high-growth, easy-calving, and feed-efficient bull, Wolfgang is a fantastic choice.

- Great easy calving sire
- Perfect for increasing mature cow weight
- Great growth rates, while maintaining reduced Dry Matter Intake
- 5* Finisher and Profit Index sire

GIVENDALE BLACK PREMIER P215

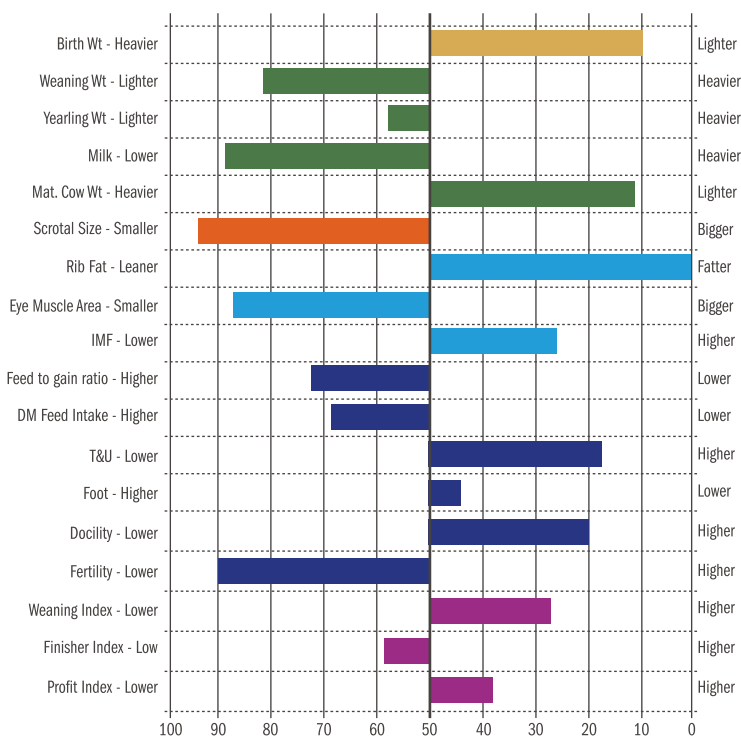

Sire: Hooks Trinity Dam: LCOC Canyon Bell MGS: Connealy Frontline IMP Ear Tag: UK142911 602859 D.O.B: 16/03/2014 AI Code: ST0969

Stabiliser Cattle Company

Givendale Black Premier carries a bloodline that remains a popular choice for Stabiliser herds to this day. As a son of the prolific US sire Hooks Trinity, a name well-known in the breed, Premier brings a balance of calving ease, maternal efficiency, and carcass quality. An ideal choice for breeding replacements, Premier produces moderate to smaller-framed cows that are docile, structurally sound, and exceptionally hardy.

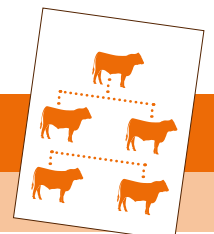

His daughters excel in foot quality and durability, making them well-suited for challenging environments. On the terminal side, Premier offers high Rib Fat and Intramuscular Fat, ensuring his offspring finish well and produce exceptional eating quality, while also maintaining body condition in harsher conditions. Whether you're looking to enhance cow efficiency or improve beef quality, Givendale Black Premier is a proven, dependable option.

- A low birthweight sire
- Functional bull, good teats, udder, EBVs
- Will transmit docility & sound locomotion
- Ensure a moderate mature cow size

GIVENDALE SPORTSMAN S191

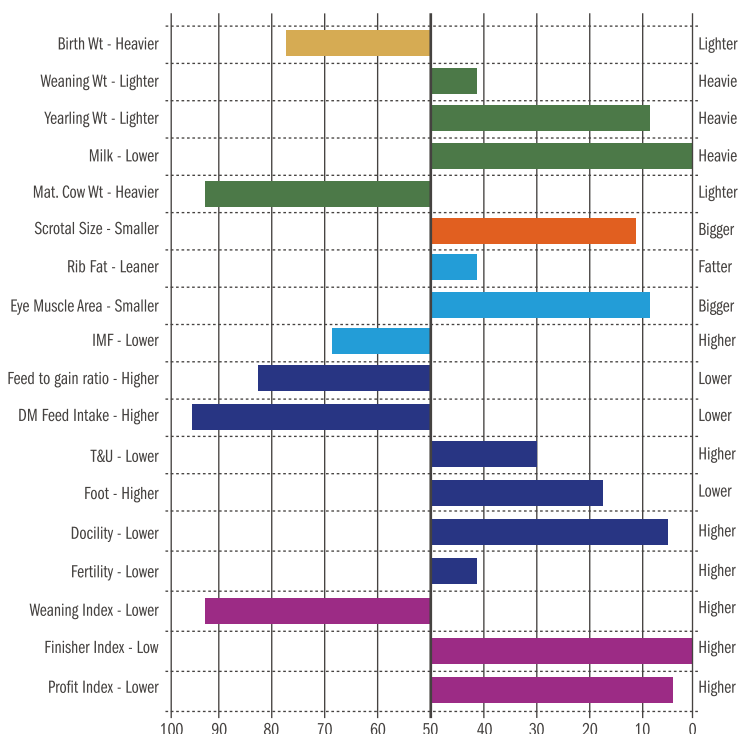

Sire: Givendale Nemesis N294 Dam: Givendale N237 MGS: Givendale Lorenzo L209 Ear Tag: UK142911 103393 D.O.B: 19/03/2016 AI Code: ST0962

Stabiliser Cattle Company

Givendale Sportsman has truly stood the test of time, maintaining his 5* status with genetics that are now nine years old. As a son of the renowned Givendale Nemesis and with Givendale Lorenzo on his dam's side, Sportsman combines two of the most powerful AI bloodlines in the breed, delivering exceptional growth, carcase quality, and maternal traits. Sportsman is a bull with huge length, a trait he reliably passes on to his offspring.

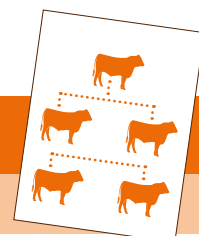

This explains why his 5* Finishing Index remains strong, with progeny that grow quickly, develop excellent Rib Fat, and have outstanding Eye Muscle Area, ideal for those prioritising carcase quality. For breeding replacements, his daughters are milky, fertile, and docile, with excellent Feet, Teats, and Udders, ensuring longevity and productivity in the herd. With a slightly higher-than-average birth weight for the Stabiliser breed, we recommend using Sportsman on cows rather than heifers, where he will still provide easy calving. If you're looking for proven genetics that delivers results, Sportsman remains a top-tier choice.

- +45kg for milk (Top 1% of the breed)
- Expect larger than average birthweights
- Breed larger framed replacements
- Breeds functional females

NUNWICK BLACK VICTOR

Sire: Leachman Advance Dam: LCOC Isabel CS006 MGS: Leachman Testify Ear Tag: UK107236 702847 D.O.B: 24/03/2019 AI Code: ST0953

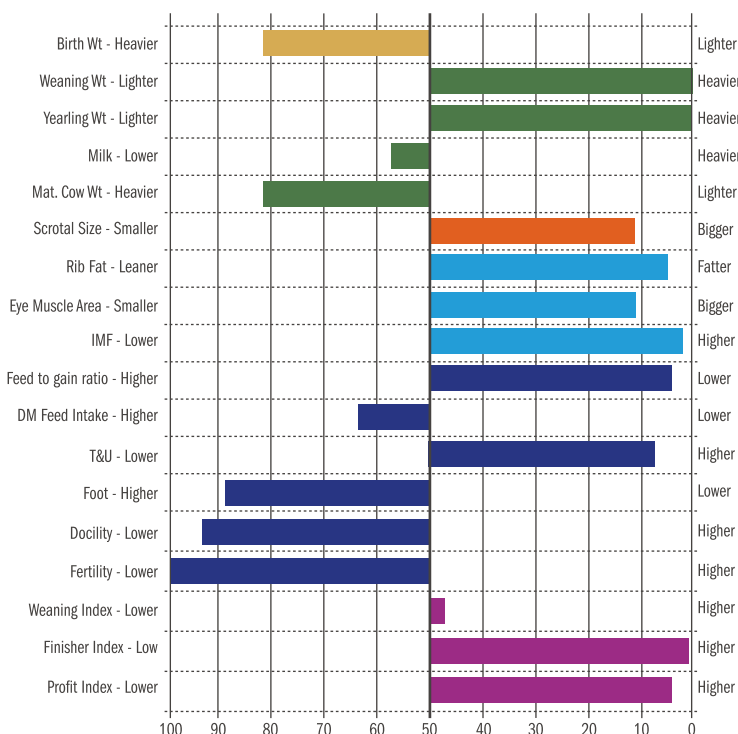

Black Victor heifer calf

Stabiliser Cattle Company

An influential son of Leachman Advance, Black Victor impressively maintains his position as an outstanding 5* Finisher and 5* Profit Index ranking sire. A bull with impressive carcase characteristics, Black Victor consistently produces growthy progeny with great terminal traits.

A 5* sire, perfect for adding frame and size into your herd without compromising on Teat and Udder traits. As well as this, with an impressive Feed to Gain Ratio, Black Victor will be sure to transmit important feed saving genetics into your herd.

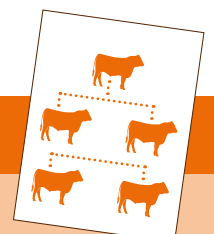

With a slightly higher-than-average birth weight for the Stabiliser breed, we recommend using Black Victor on cows rather than heifers, where he will still provide easy calving. A Homozygous polled, Heterozygous black bull sure to bring productive traits to any herd.

- Heavily proven sire
- Outstanding Weaning and Yearling weight performance
- Great carcase characteristics
- Heterozygous Black
